Maintenance:

Bendheim glass marker boards are easy to maintain using standard dry-erase markers and erasers. Permanent markers can also be easily removed, if accidentally used, without any ghosting or permanent staining. Occasionally, we suggest cleaning the glass surface with warm water and a lint free cloth (terry cloth) to keep the boards looking outstanding. Conventional non-abrasive glass cleaners may also be used.

Testing:

Bendheim safety glass meets the requirements for ANSI Z97.1 & the Consumer Product Safety Commission CPSC 16FR, Part 1201 – Safety Standard for Architectural Glazing Materials.
