

Mag+™ Magnetic Dry-Erase Glass Marker Board

Application:

Interior

Composition:

Low-iron glass; steel interlayer

Installation:

Can be glued directly to the wall using neutral cure silicones in conjunction with mechanical fasteners to support the weight of the glass, or can be supplied with Bendheim's proprietary Z-KISS attachment method. In its double-sided form, it can be installed as a writable glass partition.

Approx Dimensions:

Cut-to-size; max. size = 60" x 98" (1.5 m x 2.4 m); thickness = 5/16" (8 mm). Larger sizes available by special request.

Approx Weight:

4.625 lb/ft² (22.6 kg/m²)

Safety Options:

Laminated

Maintenance:

Bendheim glass marker boards are easy to maintain using standard dry-erase markers and erasers. Occasionally, we suggest cleaning the glass surface with warm water and a lint free cloth (terry cloth) to keep the boards looking outstanding. Conventional non-abrasive glass cleaners may also be used.

Testing:

Bendheim safety glass meets the requirements for ANSI Z97.1 & the Consumer Product Safety Commission CPSC 16FR, Part 1201 – Safety Standard for Architectural Glazing Materials.

Options & Customizations:

- Single or double-sided
- Available in custom colors and graphics
- Satin / Projectable option available
