

QuicKISS™ Magnetic Glass Board w/ Integrated Hardware | Quick-Ship

Application:

Interior

Composition:

Low-iron back-painted glass laminated to galvanized steel

Installation:

Built-in steel attachment mechanism allows the boards to be easily hung vertically or horizontally. The speedy “out-of-box” installation saves time and labor costs – only requires hand tools and proper wall-mounting screws based on your substrate (Sheetrock, concrete, brick).

Approx Dimensions:

4 Standard Sizes: 24" x 36" | 36" x 48" | 48" x 72" | 48" x 96" | tolerance $\pm 1/8"$; Total depth (glass board + attachment hardware) = 5/8" (15 mm)

Safety Options:

Tempered_laminated

Maintenance:

Bendheim glass marker boards are easy to maintain using standard dry-erase markers and erasers. Occasionally, we suggest cleaning the glass surface with warm water and a lint free cloth (terry cloth) to keep the boards looking outstanding. Conventional non-abrasive glass cleaners may also be used.

Testing:

Bendheim QuickKISS glass boards pass the 400 lbf (pound-force) impact test completely intact, showing no visible breakage, cracks, or damage. They meet the requirements for ANSI Z97.1, CAN/CGSB, and the Consumer Product Safety Commission CPSC 16 CFR 1201 – Safety Standard for Architectural Glazing Materials.
